PROFILE:

As an aspiring data analyst with experience in web consulting and design, I develop websites at Xperience LLC and integrate machine learning to enhance user experience. My roles as a CS Officer for fundraising and VP for Finance have strengthened my budget management and strategic planning skills. I'm eager to expand my technical expertise and contribute to innovative projects in a dynamic environment.

EXPERIENCE:

Student Intern

Xperience Coding LLC
June 2024 - Present

- Helping local businesses by developing custom software solutions tailored to their specific needs significantly
 - enhance their operations
- Collaborating with fellow students to develop website catered to the needs for local companies in Vernon Hills

CS Club Financial Officer

CS Club, Vernon Hills
August 2023 - Present

- Aided the local Computer Science Club by raising money by participating in local pickleball tournaments and fundraising events
